Email: prakashbhanu.b95@gmail.com
Mobile: +91-7093598391

Professional Summary

SAP S/4HANA ABAP Consultant with **6.6 years** of hands-on experience in design, development, enhancement, and support of SAP ECC and S/4HANA systems. Strong expertise in **ABAP on HANA**, **CDS Views**, **AMDP**, **OData**, **IDocs**, **Enhancements**, and **Performance Optimization**. Proven ability to deliver scalable solutions, work with functional teams, and support end-to-end project lifecycles including implementations, rollouts, and support.

Core Skills

- **SAP ABAP:** Reports (ALV), Module Pool, Enhancements, BAdIs, User Exits.
- **S/4HANA & HANA:** ABAP on HANA, Code Pushdown, SQL Optimization.
- **CDS Views:** Basic, Composite, Consumption, Annotations.
- **AMDP:** Database Procedures, Table Functions.
- **OData:** SAP Gateway, CRUD Operations, Annotations.
- **Interfaces:** IDocs, RFC, BAPI.
- **Forms:** SmartForms, Adobe Forms.
- **Data Dictionary:** Tables, Views, Structures, Search Helps.
- **Tools:** SE80, ADT (Eclipse), ST05, SAT, ATC.

Professional Experience

SAP ABAP Consultant

QATASYS PVT LTD.

Client: Dixon | SAP S/4HANA Implementation Project.
Duration: April 2023 – Present

Responsibilities:

- Developed and enhanced custom **ABAP reports, ALV reports**, and interfaces for S/4HANA.

- Designed and implemented **CDS Views** with annotations for analytical and transactional reporting.
- Built **AMDP methods** and optimized SQL using code pushdown techniques to improve performance.
- Developed and maintained **OData services** for Fiori applications.
- Implemented **Enhancements, BAdIs, and User Exits** based on business requirements.
- Worked on **IDoc inbound and outbound** processing and monitoring.
- Performed **performance tuning** using ST05, SAT, and SQL Analyzer.
- Collaborated with functional consultants (MM, SD, FI, PP) to deliver integrated solutions.

Client: Fila | Support.
Duration: August 2019 – March 2023

Responsibilities:

- Analyzed ABAP runtime errors, dumps (ST22) and fixed issues within SLA.
- Resolved issues related to reports, ALV, Smart Forms, SAP Scripts, and Enhancements.
- Debugged standard and custom ABAP programs to identify root cause.
- Provided support for interfaces like IDocs, RFCs, BAPIs, and OData services.
- Supported **Smart Forms and Adobe Forms**, including layout and print issues.
- Monitored **background jobs (SM37)** and fixed job failures.

Education

- MBA, Jawaharlal Nehru Technological University (JNTU), Anantapur – 2019.
